

## Summer School Schedule

Breakfast will be available from 7:45-8:30 for all students. After breakfast students will attend class from 8:30 (AM) to 12 (Noon) each day. Students will then be served lunch (provided by the district) from 12:00-12:30. Students in grades 1-3 will attend one class per week while students in grades 4-8 will have a homeroom and rotate daily. In addition, the last day of summer school will be a full-day field trip for students in grades 1-8.

Pre-kindergarten and kindergarten will be self-contained for the entire duration of summer school.

Swimming Lessons will again be offered July 9-12 and 16-19 through the Barron Area Community Center. Please see additional handout for this sign-up.

### **Mrs. Deetz Summer Agriculture Activities**

Summer agricultural education opportunities exist for grades 6-12. Tractor safety certification will take place in June. This is required for students operating tractors on public roadway. Students must be at least age 12. Career skills will be developed through SAE & work experience, and leadership skills will be developed in activities throughout the summer, including conferences and exhibitions. Summer Ag is open to any students with an interest in agriculture or student leadership activities.

**Mrs. Bonkrude**  
**Grades 1-3 Teacher**  
**Rainforest Adventure!**

Where can you find more than a million animals, plants, and insects? What is a quetzal? Where does the sun shine 12 hours a day for most of the year, but some plants don't see the sun? Using books, computers, and smartboards we will discover the answers to these questions. Some of our helpers will be Jack and Annie of the Magic Treehouse series and that well known teacher Miss Frizzle, of the Magic School Bus series. Join us for adventures, crafts, and projects about the rainforest.

**Mrs. Dunn**  
**Grades 1-3 Teacher**  
**Is the Book or Movie Better?**

In "Where the Wild Things Are," we will read about Max and his island of monsters, participate in crafts and activities, and watch the movie, comparing what's the same and what's different. In "The Fantastic Mr. Fox," we will experience life from the point of view of a clever fox, go on a scavenger hunt, explore through other activities, and compare the book to the movie. If time, we will read "Horton Hears a Who" and participate in activities too! Throughout the week, we will vote to decide - is the book or movie better?

**Mr. Fettig**  
**Grades 1-3 Teacher**  
**Down on the Farm!**

These summer students will be "Down on the Farm." We'll be learning about farm animals, how different types of farms work, how food is made, and the chores involved in farming. We'll even be visiting a local farm where students will get a chance to see some baby animals!

**Mrs. Nagel**  
**Pre-Kindergarten Teacher**

**Pre-Kindergarten Adventures**

Pack your backpack and ride the big bus to school! Join us for 3 weeks of summer fun and exploration as we learn all about the ocean. We will have lots of fun and exciting stories, projects, and adventures. In addition, we will be helping your child develop positive social skills and learn some school routines in a loving and safe environment

**Mrs. Hamernik**  
**Kindergarten Teacher**

**Kindergarten Camp**

During summer school we will be working on many skills to get ready for kindergarten. Students will work on colors, shapes, nursery rhymes, letters and numbers. There will be many fun activities planned, both in the classroom and outside. Students will participate in creative activities including stories, songs, centers, projects and games. Come and join us!

**Grades 4-8**  
**Mrs. Law, Mrs. Olson, and Ms. Ender**

**Imagine, Explore, and Enjoy the Outdoors!**

During the June summer school session, the 4th - 8th grade students will be collaborating with each other to use their imaginations to explore the outdoors. They will be participating in a variety of outdoor activities, along with exploring technology inside and outside of the classroom and using their artistic talents. They will be learning how to work together cooperatively to complete activities while brushing up on their reading, writing and keyboarding skills. We are excited for them to come explore with us!

The STAR program will run July 30th through August 9<sup>th</sup>. Additional information will be sent out in regards to this program.
